### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:
2. Claims 5-16, 18-22 are allowed. The specific limitations of "...the nitride semiconductor substrate has a luminescent radiation region that absorbs light emitted from the active layer and emits luminescent radiation with a wavelength longer than the wavelength of the emitted light, ...the end surface protective film further cover both end surfaces of the nitride semiconductor substrate, and wherein the second end surface protective film is sandwiched by the nitride semiconductor layer and the first end surface protective film." in the combination as claimed in claims 5, 6, 9, 13, 14, 16, and 20.
3. The examiner agrees with the applicant that Tojo in view of Kume and Kozaki do not disclose the luminescent radiation region and the second end surface protective film is sandwiched by the nitride semiconductor layer and the first end surface protective film.
4. The prior art of record fails to teach or suggest the limitations stated above due to the amendment. The limitations stated above are not anticipated or made obvious by the prior art of record in the examiner's opinion.
5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Xinning(Tom) Niu whose telephone number is 571-270-1437. The examiner can normally be reached on M-T, 7:30-5:00 EST, Alternate Fridays 7:30-4:00 ES.
